Art. 1

A selection procedure is hereby launched for the award of 1 one-year research grant at the University of Udine (hereinafter referred to as University), that is consistent with the priorities and with the areas of research and innovation of the National Research Programme 2021-2027 (hereinafter referred to as PNR) and that is functional to present a project proposal on the Marie Skłodowska-Curie Post-doctoral Fellowship Global Fellowship of Horizon Europe (hereinafter referred to as MSCA-PF-GF) action in the call 2023, choosing the University as Host Institution. **The admission requirements have therefore been defined to guarantee the aforementioned purposes and to meet the eligibility requirements of the MSCA-PF-GF.**

The MSCA-PF-GF action finances the mobility of researchers aimed at developing a project idea, initially at a scientific institution located in third countries (outgoing phase) and, in the second period, at the Hosting Institution. For the purposes of eligibility for the MSCA-PF-GF, candidates must not have spent more than 12 (twelve) months in the third country of destination in the 3 (three) years prior to the expiry of the call (mobility rule). For more information, at the moment it is possible to consult the indications for the call 2022 at the link:

If the project proposed for the MSCA-PF-GF action is funded, the University will recruit the winner with a new contract with a duration equal to that of the project.

The research activity of the Research Fellow will take place at the Department of Legal Sciences (DISG) of the University of Udine and will concern the topic "Fight against climate change, sustainable development and new genetic improvement techniques in agriculture: balancing the precautionary principle and the need to rethink the reference regulatory framework", related to the ERC panel SH2 (Institutions, Governance and Legal Systems. Political science, international relations, law), sub-titles SH2_1 (Political systems, governance) and ERC SH2_4 (Legal studies, constitutions, human rights, comparative law).

The activities covered by the research grant will be monitored for compliance with the Do Not Significant Harm principles (hereinafter DNSH) and for the ethical aspects.

Applicants can visit the website <https://disg.uniud.it/> to view the research topics developed by the Department of Legal Sciences (DISG) of the University of Udine.

The annual amount of the grant, gross of charges payable by the grant holder, is € 25,000.00. In the hypothesis that the applicant holds a Seal of Excellence on an MSCA - Individual Fellowship proposal presented in the period 2019-2020-2021, the amount will be raised to € 30,000.00.

For the realization of the project activities, the University will make available a budget of € 8,000.00 per project.

Participation in the selection is reserved to those that meet the requirements foreseen by the MSCA-PF-GF, as specified at Art.2.

The research grant does not entail any right regarding access to tenured positions at the University.

Art. 2

The research grant may only be awarded to those who meet the following criteria:

- have the citizenship of one of the EU member states or of a country that, at the expiry date of this call, is associated with Horizon Europe or have the status of long-term residents or refugee status as required by the eligibility criteria of the MSCA-PF-GF action.

Therefore, applicants must enclose all the documentation in their possession relating to their qualification in order to provide the Examining board with sufficient information for assessment.

Candidates holding a qualification issued by a non-European Research Area country, if successful, must submit, if not already attached to the application form:

- Declaration of the on-site value of the qualification and the certificate relating to the degree with examinations and grades. If the statement/attestation of comparability is not available at the time of conclusion of the contract, the applicant must prove that he/she has requested it and submit it as soon as possible.

Any exclusion from the selection procedure due to lack of eligibility requirements, absence of required documents, failure to sign the selection application or submission of the selection application in a manner different from what is provided for in this call for applications will be communicated to applicants exclusively at the email address indicated in the application form.
